Explanation of Revenue

Revenue increased from RMB1.04 million for the six months ended 30 September 2014 to RMB2.22 million for the six months ended 30 September 2015, representing a 113.5% growth. Increase in revenue is mainly due to the increasing acceptance of our T-linx related products.

TTG signed a co-operation agreement with 北京市矩阵魔方网络科技有限公司 (translated name: Beijing JuZhenMoFang Network Technology Co., Ltd., or "Beijing Juzhen") in August 2014, where Beijing Juzhen agreed to pay a total of RMB12 million revenue from September 2014 to December 2015 for sole distributorship of Wanka, one of our T-linx related products. Beijing Juzhen has paid RMB4.4 million in fees for the financial year ended March 2015. As a result of a capital restructure of Beijing Juzhen further fee payments were suspended for the distribution of Wanka until the restructure is completed. This restructure is ongoing and as a result no further fees during the reporting period were received. TTG continues to negotiate with Beijing Juzhen to adjust the cooperation model which is expected to result in a more beneficial cooperation between the parties.

Comments on above figures

Loss after tax for the period is RMB8.58 million, an increase of RMB1.23 million or 16.8% over the previous corresponding period.

The increase in the net loss was primarily driven by
1. increase in gross profit of RMB0.07 million;
2. decrease in other income of RMB0.08 million; and
3. increase in total costs of RMB1.22 million.

Net loss for the period attributable to owners of the Company is RMB8.42 million, an increase of RMB1.08 million or 14.7% over the previous corresponding period. This is derived by deducting the minority interest of RMB0.15 million from the loss after tax attributable to members.

As explained in the revenue section, there is a delay in the distribution of Wanka products by Beijing Juzhen. Other than that, the Company's business plans remain on track and the results for the six month ended 30 September 2015 is in line with management expectations.

Please refer to the Directors' Report for a detailed description of the Company's expansion and other business developments.

Principal activities

TTG is a financial technology service provider. Its core business is now based in China and aims to gradually expand into other countries.

The consolidated entity operates within the software and information services industry in the People's Republic of China. The main business of the consolidated entity derives its revenue from its self-developed technologies called financial electronic authentication ("FEA") which provides the solution for clearing and settlement for multi parties, and "T-linx", a smart cloud-supported point of sales ("POS") system.

TTG has developed FEA technology. By combining bank-card and non-bank-card bank accounts, this FEA technology allows clearing and settlement of digital currencies and payment of commissions. With the use of FEA technology, currency is not just a medium and consideration of exchange, but also a means of communication, sharing, analysis, transmission, promotion, data sourcing and labelling, and targeted marketing. FEA technology is now used in TTG's T-linx systems, ULPOS platform, and is being extended to other applications.

Based on its FEA technology, TTG has developed its own smart cloud-supported POS system called T-linx, which can be applied to different types of POS, both traditional and smart. T-linx accommodates varying payment methodologies (e.g. cash, bank card, debit card, QR code, NFC, mobile payment, payment by royalty points, etc.) to be transacted on one hardware portal. T-linx also allows for data transmission and supports numerous CRM functions (e.g. promotion of merchants, coupon, transaction data management, customer loyalty data analysis and management, etc) for diverse industries such as beverage, retail chain stores and B2C e-commerce.

TTG has generated fees on distribution of T-linx and related system development fee. TTG is also entitled to a percentage of fees generated on the ULPOS platform and other transactions that employ the FEA and T-linx.

TTG signed a co-operation agreement with 北京市矩阵魔方网络科技有限公司 (translated name: Beijing JuZhenMoFang Network Technology Co., Ltd., or "Beijing Juzhen") in August 2014, where Beijing Juzhen agreed to pay a total of RMB12 million revenue from September 2014 to December 2015 for sole distributorship of Wanka, one of our T-linx related products. Gross profit

Gross profit amounted to RMB0.37 million, an increase of RMB0.07 million, or 25% compared to the previous corresponding period. This is the net effect of the increase in revenue of RMB1.18 million and the increase in cost of sales of RMB1.10 million

Expenses

Total expenses amounted to RMB9.56 million, an increase of RMB1.22 million, or 14.7% compared to the previous corresponding period. This is the net effect of:

1. increase of share of associates' losses of RMB0.48 million; and
2. net increase in other selling and operating expenses of RMB0.74 million as a result of further development.

Net loss attributable to owners of the Company

Net loss after tax attributable to owners of the Company is RMB8.42 million, an increase of RMB1.08 million or 14.7% over the last corresponding period. This is the net effect of:

3. total expenses, including share of losses of associates, of RMB9.56 million; and
4. non-controlling interest of RMB0.15 million

DIRECTORS REPORT (Cont'd)

Net tangible assets also decreased to RMB16.33 million as at 30 September 2015 from RMB24.71 million as at 31 March 2015.

Both decreases are mainly due to the net loss of RMB8.4 million for the six months ended 30 September 2015.

The net tangible backing per share was RMB2.56 cents per share at 30 September 2015, compared to RMB3.87 cents per share at 31 March 2015.

Dividends

No dividends have been paid nor are any dividends proposed to be paid during the financial period.

Management Discussion and Analysis

Our T-linx related products continue to receive positive feedback from the market. We are now in negotiation with more potential partners for different applications of T-linx. Some potential partners are distributors whereas others are direct users. Included in these potential partners are large state-owned enterprises and multi-national corporations.

As described in the revenue section, there is a delay in the distribution of Wanka products by Beijing Juzhen. This represents an adjustment to our cooperation model with Beijing Juzhen who will continue with TTG to promote T-linx products in the long term.

To facilitate the expansion of the company increased costs for staff and other supporting costs were incurred in the first half of the financial year. TTG also incurred additional selling and operating costs of RMB0.75 million. Together with the increase in share of losses of associates of RMB0.48 million, total costs increased by RMB1.22 million or 14.7%. Accordingly net losses increased by 14.7% to RMB8.42 million.

Other than the delay in the commercialisation of the cooperation with Beijing Juzhen, the Company's business plans remain on track and the results for the six month period ended 30 September 2015 were in line with management expectations.

INTRODUCTION

We have reviewed the consolidated interim financial information of TTG Fintech Limited (the "Company") and its subsidiaries (together the "Group") set out on pages 13 to 29, which comprise the consolidated statement of financial position as of 30 September 2015 and the related consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the six-month then ended and explanatory notes. As the annual financial statements of the Group are prepared in accordance with both International Financial Reporting Standards and Hong Kong Financial Reporting Standards, the directors of the Company are responsible for the preparation and presentation of this interim financial information in accordance with both International Accounting Standard 34 "Interim Financial Reporting" issued by the International Accounting Standards Board and Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants. Our responsibility is to express a conclusion on this interim financial information based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting" and Hong Kong Accounting Standard 34 "Interim Financial Reporting".

The unaudited consolidated interim financial information was approved for issue by the board of directors on 30 November 2015.

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The directors are responsible for preparing the unaudited consolidated interim financial information in accordance with applicable law and regulations. The unaudited consolidated interim financial information has been prepared in accordance with International Accounting Standards ("IAS") 34, "Interim Financial Reporting", issued by the International Accounting Standard Board ("IASB")("IAS 34"). IAS 34 is consistent with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA")("HKAS 34") and accordingly this unaudited consolidated interim financial information is also prepared in accordance with HKAS 34. The consolidated interim financial information should be read in conjunction with the annual financial statements for the year ended 31 March 2015, which have been prepared in accordance with International Financial Reporting Standards ("IFRSs") and Hong Kong Financial Reporting Standards ("HKFRS").

The unaudited consolidated interim financial information has been prepared under the historical cost convention.

The preparation of the unaudited consolidated interim financial information in conformity with IAS 34 and HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing the unaudited consolidated interim financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty and critical accounting judgements were the same as those that applied to the consolidated financial statements for the year ended 31 March 2015, as set out on pages 72 to 73 of the 2015 annual report.

The financial information relating to the year ended 31 March 2015 that is included in the unaudited consolidated interim financial information as comparative information does not constitute the Company's statutory annual consolidated financial statements for that financial year but is derived from those financial statements. Further information relating to these statutory financial statements disclosed in accordance with section 436 of the Hong Kong Companies Ordinance (Cap. 622) is as follows:

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES (Continued)

The Company has delivered the financial statements for the year ended 31 March 2015 to the Registrar of Companies in accordance with section 662(3) of, and Part 3 of Schedule 6 to, the Companies Ordinance.

The Company's auditor has reported on those financial statements. The auditor's report was unqualified, did not include a reference to any matters to which the auditor drew attention by way of emphasis without qualifying its report, and did not contain a statement under section 406(2), 407(2) or (3) of the Companies Ordinance (or under their equivalent requirements found in section 141 of the predecessor Companies Ordinance (Cap. 32)).

Except as described below, the accounting policies adopted in the preparation of the unaudited consolidated interim financial information are consistent with those used in the preparation of the Group's annual financial statements for the year ended 31 March 2015.

Share-based payments

The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in share option reserve within equity. The fair value is measured at grant date using the binomial lattice model, taking into account the terms and conditions upon which the options were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the options, the total estimated fair value of the options is spread over the vesting period, taking into account the probability that the options will vest.

During the vesting period, the number of share options that is expected to vest is reviewed. Any resulting adjustment to the cumulative fair value recognised in prior years is charged / credited to the profit or loss for the year of the review, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the share option reserve. On vesting date, the amount recognised as an expense is adjusted to reflect the actual number of options that vest (with a corresponding adjustment to the share option reserve) except where forfeiture is only due to not achieving vesting conditions that relate to the market price of the Company's shares. The equity amount is recognised in the share option reserve until either the option is exercised (when it is included in the amount recognised in share capital for the shares issued) or the option expires (when it is released directly to retained profits).

The IASB has issued the following amendments to IFRSs that are first effective for the current accounting period of the Group. The equivalent amendments to HKFRSs, which term collectively includes all applicable individual HKFRSs, HKAss and interpretations, consequently issued by the HKICPA as a result of these developments have the same effective date as those issued by the IASB and are in all material aspects identical to the pronouncements issued by the IASB.
